

Quadriga is a landscape architecture firm with offices in Sacramento and Santa Rosa, California. Our work is diverse and interesting and rooted in the communities in which we live. Our approach is to work with likeminded professionals and clients to develop projects that improve and enhance the living and working environment. Our culture is rooted in our people, allowing room to grow and support each other when life happens- we aim to be nimble and responsive in work and life.

We are small but mighty- our projects include hospitality, health care, higher education, affordable housing, and parks. We work specifically to place and program- allowing creativity, stakeholders, and resiliency to shape the design. We advocate and educate and learn as we go, and we have developed strong relationships that benefit us and the projects we design.

We are looking for people to **join our team** who love what they do and want to continue growing. We are seeking individuals who:

- have 1 to 3 years of experience (an ambitious entry level person may be considered)
- can work independently and collaboratively
- enjoy working on a range of project types
- enjoy working with a range of professionals
- have proficiency in tools of the trade; AutoCAD, SketchUp, Adobe suite, Rhino, Lumion, Land FX
- have a degree in landscape architecture or equivalent

What we offer:

We are open to hybrid or in office candidates- full time preferred but open to other ideas.

We offer a competitive salary and benefits package including opportunities for professional development.

Licensure support, professional development support and work/life balance

Please send resume and work samples to info@quadriga-inc.com
